### WOW! Children's Museum Awarded \$1,000 from City of Lafayette Energy Sustainability Advisory Committee

Lafayette, Colorado -- WOW! Children's Museum (World of Wonder) is pleased to announce that the Museum has received a \$1,000 Mini-Grant from The City of Lafayette Energy Sustainability Advisory Committee. WOW! will use this grant to fund energy conservation measures for the Museum as well as fund an educational station to inform and educate Museum visitors about how they can reduce their energy use at their homes and businesses.

"WOW! Children's Museum is very grateful to the Lafayette Energy Sustainability Advisory Committee and the City of Lafayette for supporting and encouraging energy conservation in our community. With the LESAC's support, WOW! will be able to install a demand management system and add other improvements recommended by our Xcel Energy Audit to minimize our energy usage. This project will include an educational station for families to learn about energy conservation measures they can incorporate to reduce their home and business energy costs and greenhouse gas emissions," said Lisa Atallah, Executive Director, WOW! Children's Museum.

#### About The City of Lafayette Energy Sustainability Advisory Committee Mini-Grant:

The Mini-Grant program was created by the Energy Sustainability Advisory Committee to provide support for community initiatives by Lafayette residents and organizations which contribute to the goals of the City of Lafayette Energy Sustainability Master Plan.
