

Get To Know Your WOW! Birthday Party. . .

The WOW! Staff wants your birthday party to be fun and hassle-free. The bullet items below are an overview of how WOW! Parties are structured.

- Birthday child/family and guests arrive at the pre-arranged party start times.
- WOW! Staff will have your one hour party room set up for you to enter 30 min. after your party start time.
- WOW! Staff will provide a sign in/out sheet for the guests whose parents will be leaving them for the party.
- Party organizers (parents and/or adult guests) will gather birthday children to the party room at the appointed room time and conduct the party room activities.
- WOW! Staff will be happy to assist with supplying any additional party needs such as: extra paper goods; candles; serving utensils; matches; etc. Up to five adult place settings are included in your party package. Plan on bringing additional paper goods for remaining adults if needed, as extra paper goods provided by the museum on the day of the party will be an additional party charge.

- If the museum orders pizza for your birthday party, pizza plates are included in the package and pizza will be delivered to arrive at the start of your scheduled party room time.
- For the theme party packages a WOW! host/hostess will be in your party room for the first 15 min. of the room hour to supervise the craft activity.
- Party parents and adult guests will supervise birthday party guests in the museum at all times.
- WOW! provided party favor bags (included in deluxe or theme packages) will be at the front desk to be distributed at the end of the party; please arrange to have an adult from your party available to hand these out. We suggest if you are bringing favor bags for a Basis or Room Rental party that you use this same favor bag distribution procedure, kids don't lose favor bags or contents in the museum this way.
- If your party is the last party of the day, please be aware the museum will close at the time your party ends. Please make sure any parents who dropped children for the party return 15 minutes prior to close to ensure everyone is ready to leave. Your cooperation is appreciated in making sure your party exists promptly at closing time.
- Due to the environment of the museum we cannot allow piñatas of any kind at our parties. Additionally, clean up in the party rooms is difficult if red/purple juice, confetti, or silly string are brought – please leave these items at home.
- If you have any additional questions, please call the museum for assistance.

Thank you for making WOW! your birthday party destination. Our staff strives to make your special occasion a positive, memorable experience and that you will share it with us again next year.
